AdSTAND™

Stand Out from the Crowd.

AdStand is a unique strategic tool for communication and campaign planning. It has evolved from our "AdBox®" product and was developed to be printed via various methods in any quantity. And, the sturdy base means that it will hold up to in-store use.

AdStand comes in a flat package for optimized distribution. It's lightweight and easy to set up. The double-sided exposure and eye-level height give a maximum impression. The elegant ellipse-shaped graphic AdSleeve brings you a new look. Keep the AdBox and base, only replace the AdSleeve and you have a new display. Choose an oval-shaped base or a round one to best fit your needs.

As a floor-standing or a counter-top display, AdStand always makes your message stand out.

SPECIFICATIONS

Complete AdStand unit, double-sided, incl. black base, white AdBox(es), all connectors required and 1 AdSleeve.

- 45580 AdStand (printed display) w. 2 AdBoxes, 19 11/16" x 70" (50 x 177.8 cm)
- 45585 AdStand (printed display) w. 1 AdBox, 19 11/16" x 34 7/8" (50 x 88.6 cm)
- 45575 AdStand (blank displays), w. 2 AdBoxes & 1 White AdSleeve (unglued), individually packed, carton of 10

Base material: Durable ABS

Graphic panel: Several options dependent on quantity

Packaging: Carton box

OPTIONAL PARTS & ACCESSORIES

- 45540 Base, Oval, Black, 24" L x 14" W x 0.5" H (61 cm L x 35.6 cm W x 1.3 cm H)
- 45550 Hinged Base Connectors (for #45540 base), set of 2
- 45545 Base, Round, Black / White / Light Grey, diam. 22" (56 cm), w. hinged base connectors attached
- 45552 Middle Connectors, set of 2
- 45535 AdBox, White
- 45576 AdSleeves, White, unglued, set of 5

One complete AdStand #45580 ships flat and fits in one carton box 36" x 21" x 2", 9 lbs.

2 STANDARD SIZES:

OVAL BASE:

24" L x 14" W x 0.5" H
(61 cm L x 35.6 cm W x 1.3 cm H)

ROUND BASE:

Diam. 22" (56 cm), 7/8" (2.2 cm) H

AdBox®

Many Configurations. One Powerful Display.

*Make a mural. Suspend it. Stand it up.
Display your product. AdBox can handle it.
With brilliant graphics printed on high-grade
e-flute, AdBox is incredibly lightweight and
comes flat packed. It's eco-friendly and
makes a big impact on your audience but
not the environment.*

*From the simplest ledge display to a full
mural backdrop, AdBox has your needs
covered. Not sure who's watching your
back? With double-sided graphics, AdBox
makes good impressions all around.*

*AdBox is still probably the most innovative
POP display solution available.*

SPECIFICATIONS

A combination of high quality printed boxes along with a flexible connector system offers you a multitude of sizes and configurations – from towers to wall-size promotions. They're extremely lightweight, and set-up fast and easy, no tools required.

AdBox units will be litho-printed for large-run projects of over 200 displays. Digital printing will be used for small-run projects.

The configuration on the opposite side is shown below in parts to describe the principle.

- 1 Fold the two flaps toward each other to interlock.
- 2 Insert the "feet" into the bottom of one of the boxes.
- 3 Insert double tab "feet" into bottom of both boxes.

box with image

A T-shaped single "foot"

B T-shaped double "feet"

- 4 Insert rectangular connectors into the top of the standing box.
- 5 Insert 4-tab connectors to attach boxes side by side.
- 6 Use top connectors to keep boxes aligned at the top.

C rectangular single connector

D 4-tab connector

E top connector

AdBox ships flat. 9 pcs. of flat boxes with all the feet and connectors fit in a 3.5" high carton box.

ROLL-IT-UP 1

Ready to Roll.

The structured aluminum base of this classic display acts as a protective housing for your graphic panel so your image stays in perfect condition. The swivel kickstand adds stability but not bulk. All seven feet roll into the base for a flat package that fits neatly into a slim padded nylon carrying case. Robust construction coupled with portability helps this tool become the workhorse of retractable displays.

SPECIFICATIONS

Complete Roll-It-Up 1 unit with snap-action top profile, 3-folded pole, and padded carrying bag. (Top profile with double-sided adhesive tape available upon request.) Graphic panel not included.

Standard graphic sizes:

- 39001** Clear Anodized, 33 1/2" x 79" (85 x 201 cm)
- 39002** Clear Anodized, 33 1/2" x 86" (85 x 218 cm)
- 39003** Clear Anodized, 39 3/8" x 79" (100 x 201 cm)
- 39004** Clear Anodized, 39 3/8" x 86" (100 x 218 cm)

Weight: 11 lbs. (5 kg) or 13 lbs. (6 kg)

Base material: Clear anodized aluminum

Graphic panel: Several options available

Packaging: Padded nylon bag

OPTIONAL PARTS & ACCESSORIES

- 39010** Top Profile, Snap-action, w. Hook, Clear Anodized, 33 1/2" (85 cm)
- 39012** Top Profile, Snap-action, w. Hook, Clear Anodized, 39 3/8" (100 cm)
- 39014** Top Profile w. Double-sided Adhesive Tape & Hook, Clear Anodized, 33 1/2" (85 cm)
- 39016** Top Profile w. Double-sided Adhesive Tape & Hook, Clear Anodized, 39 3/8" (100 cm)
- 39021** Pole, 3-folded, Clear Anodized, for panel 79" (201 cm)
- 39020** Pole, 3-folded, Clear Anodized, for panel 86" (218 cm)
- 39263** Nylon Bag, Padded, Black, for 33 1/2" unit
- 39264** Nylon Bag, Padded, Black, for 39 3/8" unit
- 39040** Halogen Spotlight, 50 W, Chrome, w. clip, 8.8 feet cord and transformer, incl. black nylon bag

The graphic panel rolls in and out of the unit.

Roll-it-up 1 can even be used at various heights. By simply extending the pole to only 1/3 or 2/3 of its full length, you can quickly create a presentation in stages or a table-top display.

ROLL-IT-UP 3

Swap and Roll.

Be a quick-change artist. This innovative banner stand features interchangeable graphic cassettes that let you swap messages. Better yet, the new telescoping pole works at various heights to allow you to go from counter to floor display in a snap. A custom trim to match your corporate identity pulls it all together. And it packs neatly into a smart, padded nylon bag so you're always ready to roll with it.

SPECIFICATIONS

Complete Roll-It-Up 3 unit with telescoping pole and snap-action top profile, incl. interchangeable cassette, clear plastic trim set and padded nylon carrying bag. (3-folded pole available upon request.) Graphic panel not included.

Standard graphic width (height is adjustable):

39515 Clear Anodized w. clear plastic trim, 33 1/2" W (85 cm W)

39525 Clear Anodized w. clear plastic trim, 39 3/8" W (100 cm W)

Weight: 13 lbs. (6 kg) or 15 lbs. (7 kg)

Base material: Clear anodized aluminum

Graphic panel: Several options available

Packaging: Padded nylon bag

Interchangeable cassette

Clear trim set is standard. Grey, blue, red & green are extra accessories.

OPTIONAL PARTS & ACCESSORIES

39601 Cassette incl. Snap-action Top Profile, 33 1/2" (85 cm)

39611 Cassette incl. Snap-action Top Profile, 39 3/8" (100 cm)

39613 Telescoping Pole, w. adjustable height, Clear Anodized, for panels 78 3/4" (200 cm), 82 11/16" (210 cm) and 86 5/8" (220 cm)

reddot design award
winner 2006

Form and Function in Perfect Harmony.

The next generation of retractable displays. The top bar and the base unit of this system disappear behind your graphic so customers see all banner, no banner stand. The stylish construction, from the top to the sleek oval foot, has a uniquely sparkling finish that is as durable as it is attractive. A spring-loaded roller mechanism lets you adjust the tension if the need arises. Line up several displays for a powerful impression. The patented system folds into a tidy package in its own sturdy, chic nylon bag. It's lightweight so it's easy to ship.

Function. Style. Portability. All rolled into one superior display.

SPECIFICATIONS

Complete Roll-It-Up 4 unit, single-sided, with snap-action top profile, 3-folded pole, and padded nylon bag w. shoulder strap. (Top profile with double-sided adhesive tape available upon request.) Graphic panel not included.

IMAGESTAND 1

reddot design award
winner 2006

More Image. More Impact.

Use it once or use it for a long time.

This single-sided, non-retractable banner stand gets great mileage in a POP or retail scenario. Its sleek fish-shaped foot is made of cast aluminum to give your message gravity. And its special lacquer finish makes it durable. A protective cylinder in the optional travel bag keeps your graphic panel clean and safe. Put two or more together for a high-impact presentation. This is the cost-effective solution that lets your images stand for themselves.

SPECIFICATIONS

ImageStand 1, with snap-action top/bottom profiles and 3-folded pole. (Top/bottom profiles with double-sided adhesive tape available upon request.) Graphic panel and bag not included.

Standard graphic sizes:

- 39100 Silver Painted, 23 5/8" x 85" (60 cm x 216 cm)
- 39102 Silver Painted, 31 1/2" x 85" (80 cm x 216 cm)
- 39104 Silver Painted, 39 3/8" x 85" (100 cm x 216 cm)

Weight: 7 lbs. (3.2 kg)

Base material: Silver painted aluminum

Graphic panel: Several options available

Packaging: Re-usable carton box, nylon bag optional

OPTIONAL PARTS & ACCESSORIES

- 39094 Foot
- 39097 Top Extrusion Adapter
- 39075 Top/Bottom Profile Set, Snap-action, Clear Anodized, 23 5/8" (60 cm)
- 39077 Top/Bottom Profile Set, Snap-action, Clear Anodized, 31 1/2" (80 cm)
- 39079 Top/Bottom Profile Set, Snap-action, Clear Anodized, 39 3/8" (100 cm)
- 39070 Top/Bottom Profile Set, w. Double-sided Adhesive Tape, Clear Anodized, 23 5/8" (60 cm)
- 39072 Top/Bottom Profile Set, w. Double-sided Adhesive Tape, Clear Anodized, 31 1/2" (80 cm)
- 39078 Top/Bottom Profile Set, w. Double-sided Adhesive Tape, Clear Anodized, 39 3/8" (100 cm)
- 39060 Pole, 3-folded, Clear Anodized, for panel 77 1/8" (196 cm)
- 39062 Pole, 3-folded, Clear Anodized, for panel 85" (216 cm)

- 39082 Nylon Bag, Padded, Black, for 39 3/8" unit
- 39040 Halogen Spotlight, 50 W, Chrome, w. clip, 8.8 feet cord and transformer, incl. black nylon bag

IMAGESTAND 2

reddot design award
winner 2006

Stand Up. Stand Out.

Command attention. Do something unexpected. This image stand is customizable in three ways: height, width and shape. It uses horizontal profiles that can be custom-cut to your specs to let you display unusual contours. Make it tall and thin, short and wide, or even V-shaped. The slick tripod foot keeps it stable no matter the configuration and folds for maximum portability. Its optional carrying case was designed to protect graphics.

ImageStand 2 goes from single to double-sided with a simple snap-clip. The top and bottom profiles disappear so your message always takes center stage.

SPECIFICATIONS

ImageStand 2, with snap-action top/bottom profile and 3-folded pole. (Top/bottom profiles with double-sided adhesive tape available upon request.) Graphic panel and bag not included.

Standard graphic sizes:

- 39121 Silver Painted, 23 5/8" x 82 11/16" (60 x 210 cm)
- 39123 Silver Painted, 31 1/2" x 82 11/16" (80 x 210 cm)
- 39125 Silver Painted, 39 3/8" x 82 11/16" (100 x 210 cm)

Weight: 7 lbs. (3.2 kg)

Base material: Silver painted aluminum

extra clip for double-sided graphics

ADAPT

A Simple Solution.

Just the basics, please. This cost-effective image stand adapts to a variety of print media – from inkjet to vinyl to fabric. It comes with its own nylon travel bag and reinforced graphic tube for safe and easy transport, while its x-shaped aluminum swivel stand folds flat. Make it double-sided when you really need to work the room or customize the shape of the graphic panel for a unique touch. Combine several for a first-class performance. It's simply effective.

SPECIFICATIONS

Adapt, complete unit, single or double-sided, incl. top/bottom profiles w. double-sided adhesive tape, 3-folded pole, and black nylon bag. Graphic panel not included.

Standard graphic size:

39140 Clear Anodized, 24" x 72" (61 x 183 cm)

Weight: 6 lbs. (2.7 kg)

Base material: Clear anodized aluminum

Graphic panel: Several options available

Packaging: Black nylon bag with reinforced graphic tube

STRETCHBANNER

Show It in Style!

StretchBanner offers a refreshing new twist to the traditional banner stand. It combines high quality printed fabric graphics and a durable anodized aluminum frame to create a contemporary and modern looking design element. Truly lightweight and portable, StretchBanner has a quick-lock connector system which makes setup a breeze. Stretch fabric will stretch in all four directions which allows the graphic to be stretched around the frame for a sleek crisp look. StretchBanner will surely show it in style for your next event or promotion.

This product is not available in US.

SPECIFICATIONS

StretchBanner, complete unit, aluminum, incl. black nylon bag.
Graphic not included.

51120 Clear Anodized, 41" x 79" (104 x 200 cm)

Weight: 18 lbs. (8.2 kg)

Base material: Clear anodized aluminum

Graphic panel: Dye-sublimation on Spandex fabric

Packaging: Black nylon bag

LOCKING SYSTEM:

A. Push in the pole stop to connect the two sections of the pole. The pole stop will pop up to lock in place. Use the same way to connect the top and the bottom parts of the pole with the horizontal tubings.

B. Adjust the pole to make it vertical and push down the lever to tighten the pole with the base tubing.

GRAPHIC INSTALLATION:

Slightly stretch the bottom of the fabric and insert the edge (with rope inside) into the track on the bottom side of the bottom tubing. Make sure the rope inside the fabric goes into the track completely.

In the same way, insert the top edge of the fabric into the track on the top side of the top tubing.

The top and bottom edges of the fabric go to the end of the tracks and wrap around the corners of the endcaps on the top and bottom tubings.

FABRICWALL

From Folded to Fabulous in Seconds.

FabricWall goes from folded to fabulous in 10 seconds flat. Magnetic locks snap the structure into place. All you have to do is pull it up and watch your message burst open. Make it double-sided for maximum impact. The wrinkle-resistant graphic panel attaches to the structure with Velcro so you can swap graphics in a flash. Premium print quality guarantees vibrant visuals every time. And this super-lightweight, super-portable billboard-in-a-bag knocks down into a nylon duffel for easy transport. Make a big statement. Effortlessly.

SPECIFICATIONS

FabricWall, lightweight aluminum construction with Velcro hubs. Graphic panel and case not included.

FABRICOUNTER

Easy Setup, Easy Display.

Turn the tables with FabriCounter. This easy to set-up, compact display does double duty: use it as a table-top display or add a top shelf to turn it into a counter. The frame snaps together in an instant with magnetic locks. Velcro tape makes switching the wrinkle-resistant fabric graphic panel quick and easy. Need to make a bigger statement? Join units side-by-side to create a counter-table.

However you configure it, this simple display tool gets your message on the table.

SPECIFICATIONS

FabriCounter, lightweight aluminum construction with Velcro hubs. Graphic panel, top shelf and case not included.

39340 FabriCounter, 34 5/8" W x 34 5/8" H x 12" D
(88 cm W x 88 cm H x 30.5 cm D)

Double-sided available upon request

Weight: 2 lbs. (0.9 kg)

Base material: Grey painted aluminum

Graphic panel: Dye-sublimation on wrinkle resistant fabric

Packaging: Nylon bag or optional case

OPTIONAL PARTS & ACCESSORIES

39349 Top Shelf, Grey, 36" x 13 1/4" (91.5 x 34 cm), 7 lbs.
(3.2 kg), packed in the carton box

For SoftCase or TransportCase, please see pg. 72-73.

COMBINATIONS WITH OTHER PRODUCTS:

with FabricWall

with PopUp Elite

The fabric is attached to the hub of the frame by Velcro tape.

39349

APPLICATIONS:

Place the FabriCounter on top of a table to make it a **table-top display**.

Add a top shelf on top of the FabriCounter to make it a **counter-table**.

Velcro tape attaches to the top shelf

Velcro tape attaches to the fabric

MAGNETIC LOCKING SYSTEM:

STRETCHWALL

Give Your Ideas Dimension.

Stretch your imagination with this inventive, versatile display. Choose from a multitude of combinations, then let the fun begin. Arrange panels in novel ways, in 3D. Change your message by changing the panel. The button fastening system makes it easy to play around. StretchWall is accessory-friendly. Make it functional by adding a display shelf. Attach a spotlight to a configuration with a flat horizontal top.

SPECIFICATIONS

StretchWall, lightweight aluminum construction, painted grey.
Incl. hubs with buttons. Graphic panels, shelf and case not included.

Double-sided and other configurations available

Base material: Grey painted aluminum

Graphic panel: Dye-sublimation on Spandex fabric

Packaging: Carton box or optional case

POPUP ELITE

reddot design award
winner 2008

For Major Impact, Pop Up!

Stir up some excitement with this curvy branding wall. Lightweight and portable, this innovative system sets up as easy as 1-2-3. First, simply pull open the frame. No hooks, no joints, only powerful magnet locks. It's that easy. Second, attach the graphic panel onto the structure with magnet strips. For maximum exposure, use both sides to really show off your visual composition. This system has serious curve appeal. Pop up and present.

PopUp Elite was a winner of the 2008 Red Dot Design "Best of the Best" and "Product Design" awards.

SPECIFICATIONS

PopUp Elite, complete construction w. magnetic bars and panel strips for single-sided. Case optional. Graphic panels not included.

- 44300 3x3 squares (5 panels), Front, 100 3/8" x 88 5/8" (255 x 225 cm)
- 44301 3x3 squares (5 panels), Back, 100 3/8" x 88 5/8" (255 x 225 cm)
- 44302 4x3 squares (6 panels), Front, 122" x 88 5/8" (310 x 225 cm)
- 44303 4x3 squares (6 panels), Back, 122" x 88 5/8" (310 x 225 cm)

To create a double-sided unit, add necessary Panel Strip Sets and Magnetic Bars.

Base material: Black painted aluminum

Graphic Panel: Laminated digital print

Packaging: Carton box or optional case

OPTIONAL / SPARE PARTS & ACCESSORIES

- 44310 Panel Strip Set (top w. hangers & bottom), for inside curve
- 44312 Panel Strip Set (top w. hangers & bottom), for outside curve
- 44314 Panel Hangers, set of 2, for curved end panel
- 44318 Magnetic Bar, 3 folded
- 36400 Halogen Spotlight, 200 W, Quick Connect, Black, w. 10 feet cord and 3-prong plug

For SoftCase or TransportCase, please see pg. 72-73.

PopUp Elite can be double-sided. Each panel of the front side is 26 3/8" (67 cm). Each panel of the back side is 31 7/8" (81 cm).

MAGNETIC LOCKING SYSTEM:

ROUNDUP

360 Degrees of Visual Impact!

Make your message come full circle with RoundUp. Use it as a podium, column, or even a showcase. Make it tall or stout. It is strong enough to be used as a display base. Whatever type of wrap you prefer, it will attach to the robust plates with just magnetic tape. It's as quick to assemble as it is easy to exchange panels. Add the optional middle plates to change and elevate the set-up configuration when the need arises. Change its look and function each time you've got something new to say. RoundUp is a tool you can use all year round.

SPECIFICATIONS

RoundUp, set of top and bottom plates in light grey, w. magnetic tape attached. Other colours available. Panel wrap not included.

45610 Set of Top & Bottom Plates, Light Grey, diam. 22" (56 cm)

Plate material: ABS plastic

Wrap: Various graphic panel options, Frontrunner, or transparent panel. Attached with magnetic strips on top & bottom edges and Velcro tape to connect wrap vertically. The standard thickness is 0.03", but varies depending on application.

Packaging: Nylon bag or carton box with carrying handle for plates and carton box for panel wrap

OPTIONAL PARTS & ACCESSORIES

- 45611** Bottom Plate, Light Grey, diam. 22" (56 cm)
- 45612** Top Plate, Light Grey, diam. 22" (56 cm)
- 45613** Middle Plate, Light Grey, diam. 22" (56 cm)
- 46115** Frontrunner Wrap, Black (indicate height, max. 48" / 122 cm)
- 45625** Transparent Panel Wrap incl. bottom shelf (Grey / Black)
(indicate height, max. 48" / 122 cm)
- 45617** Nylon Bag, Padded, Black

PACKAGING: Carton boxes

The plates come in a sturdy re-usable carrying box. The plastic handle makes it convenient to take on the go. One box can hold one set of top and bottom plates, or one middle plate.

1" (2.5 cm)
Velcro tape
(on the front
of the wrap)

The wrap is vertically connected with Velcro tape and attached to the plates with magnetic tape. The magnetic tape on the top and bottom of the wrap is cut 1" (2.5 cm) shorter as not to overlap the Velcro tape.

ROUNDUP

WRAP: Customized height

The wrap can be customized to desired height.
For height above 60" (152.4 cm), it's recommended to split the display using a Middle Plate.

Graphics define the height of the unit.

PLATES: ABS plastic

TOP PLATE
w. connecting ring underneath

MIDDLE PLATE
w. connecting ring on both sides

BOTTOM PLATE
w. connecting ring on top side

SET-UP COMBINATIONS: Single or Stacked

You can create your own displays by combining wraps and plates. It's as quick to assemble as it is easy to exchange panels. With the help of Middle Plates you can change the set-up configuration or just add-on when the need arises.

graphic panel

transparent panel

VERSATILE PANEL MATERIALS:

The wrap can be made out of an array of different materials such as graphic panel, Fronrunner fabric, transparent plastic for creating a showcase, or translucent material for backlit.

transparent panel
with a section
of graphic

PODIUMS

A Platform for Greater Sales.

Our series of Podiums are built in the HingeLine System (see pg. 75) that can be folded flat for easy transportation and storage. They are the perfect solution for both temporary and permanent displays. As a standard, Podiums come with top shelf and in-fill panels in vinyl covered board, but a wide variety of materials and colors including graphic panels are available upon request.

SPECIFICATIONS

Complete aluminum construction built in our HingeLine System for easy folding. Incl. top shelf and in-fill panels in white, grey or black vinyl covered board.

- 52015** Podium, 16" W x 40" H x 16" D
(40.6 W x 101.6 H x 40.6 D cm), incl. top shelf

- 52005** Podium, 24" W x 16" H x 24" D
(61 W x 40.6 H x 61 D cm), incl. top shelf

- 52010** Podium, 24" W x 24" H x 24" D
(61 W x 61 H x 61 D cm), incl. top shelf

- 52001** Podium, 44" W x 16" H x 24" D
(111.8 W x 40.6 H x 61 D cm), incl. oval top shelf

PANEL OPTIONS:

Attach graphic panel on front of the extrusion with magnetic tape.

In-fill panel (max. thickness 1/4" / 6 mm) goes into the track of the extrusion.

Use Allen Key to change panels.

DEMOSTAND

Easy Promotor!

Attractive and impactful, DemoStand makes any demonstration look professional. DemoStand is a portable demonstration tool as well as a sampling stand or information booth. Customize the curved base and roomy header with your graphics or logo. Easy-clean, high impact polystyrene top has resilient molding on the edges for protection. Its worktop is as durable as its inner shelves which allow for plenty of storage space for supplies or product. And when the show is over, it folds flat and travels light and hassle-free in its own nylon bag. Go ahead – show and tell.

SPECIFICATIONS

Complete DemoStand unit in polypropylene with built-in "hinges" for easy folding. Vacuum formed super high impact polystyrene top. Incl. Header board, inside shelf and a black padded nylon carrying case. Graphic panels not included.

51110 DemoStand unit, White
(34 5/8" W x 88 1/4" H x 18 1/4" D (87.9 W x 224.2 H x 46.4 D cm))

Weight: 31 lbs. (14 kg)

Base material: Polypropylene and polystyrene

Packaging: Padded nylon carrying case

OPTIONAL PARTS & ACCESSORIES

51111 Full colour graphic panel for Header Board

51112 Full colour graphic panels for Front and Side Panels

Easy Lock System:

The indented tabs on the sides of the top / bottom plates lock into the slots of the side panels.

INFRAME

Reframe the Issue.

Innovative and customizable, this tool emphasizes your brand message, all the way around. Its patented design allows you to easily slide your message into the frame edges and change it as often as you wish. Use it to update information or reinforce your brand identity. Go with a custom finish in wood or metal for a stylish, detailed look. The snapframe mechanism holds the center graphic firmly in place until you are ready to swap it. Use it single-sided or double it up for twice the impact.

InFrame. A new frame of reference in poster displays.

SPECIFICATIONS

InFrame with mitered corners, clear anodized aluminum, and unfinished hardboard back panel.

Standard sizes:

- 32001 11" x 17" poster size, mitered corner
- 32003 20" x 24" poster size, mitered corner
- 32005 22" x 28" poster size, mitered corner
- 32007 24" x 36" poster size, mitered corner
- 32009 30" x 40" poster size, mitered corner
- 32011 36" x 48" poster size, mitered corner

Customized sizes and other colours available
Double-sided is 2 frames connected back-to-back.

OPTIONAL PARTS & ACCESSORIES

- 34020 Eyelet Hook, per piece.
- 34030 Slatwall Hook, per piece.
- 34040 Z-bar for wall hanging (indicate poster width)
- 31511 Non-glare protection sheet, 11" x 17"
- 31561 Non-glare protection sheet, 20" x 24"
- 31581 Non-glare protection sheet, 22" x 28"
- 31621 Non-glare protection sheet, 24" x 36"
- 31641 Non-glare protection sheet, 30" x 40"
- 31661 Non-glare protection sheet, 36" x 48"
- 39045 Halogen Spotlight, 50 W, Chrome, w. bracket, 8.8 feet cord and transformer

InFrame accepts slide-in graphics in a multitude of substrates, incl. laminate in wood grain and other patterns. Slide-in graphics are 2" (5.1 cm) in width and a thickness of 0.05" (1 mm).

**InFrame can be as widely applied as QuikFrame.
For more applications, please see pg. 46-47.**

EXSTREAM

Got Hang-Ups?

It's a simple concept that works. And works and works. It lets you hang your graphics virtually anywhere. Display graphics printed on fabric, paper, vinyl and more. Its strong snap hangers work especially well with fabric graphics! Insert hanging hooks to suspend your visuals from the ceiling. Use suction cups for a window display. Or use Velcro to make your message stick. Hang graphics of any length or width.

Hang it high, hang it low, make it wide, make it thin. It's easy to hang with ExStream.

SPECIFICATIONS

ExStream, top & bottom aluminum snap-profiles, including 4 endcaps & 2 hooks. Each profile consists of one front and one back extrusion. Recommended max. thickness of print media is 0.025".

Standard sizes:

- 38541 Clear Anodized, 24" (61 cm) L
- 38551 Clear Anodized, 36" (91 cm) L
- 38561 Clear Anodized, 48" (122 cm) L

Customized sizes available

OPTIONAL PARTS & ACCESSORIES

- 38501 Snap-profile Set (front & back extrusions), Clear Anodized, max. 132" (335 cm) L
- 38521 Endcap, Left, Grey Plastic
- 38522 Endcap, Right, Grey Plastic
- 38531 Hanging Hook, Grey, Plastic

Insert the hanging hooks into top track, and close ends with endcaps.

APPLICATIONS:

TRIMLITE

A Bright Concept.

Get enlightened with this new generation of graphic light panels. Ultra-thin design. Edge-housed lighting to minimize hot spots and give bright, even illumination. Do-it-yourself maintenance and quick-change bulbs add value and convenience. The easy-loading snapframe makes changing graphics a breeze. Use single-sided or double – it's up to you. TrimLite. Illuminate your ideas.

SPECIFICATIONS

TrimLite with mitered corners only, clear anodized aluminum.
Built-in T-5 lamp, UL and CSA approved, incl. 10 feet cord
w. 3-prong plug.

Standard sizes:

- 32601 20" x 24" poster size, mitered corner
- 32603 22" x 28" poster size, mitered corner
- 32605 24" x 36" poster size, mitered corner
- 32607 30" x 40" poster size, mitered corner
- 32609 36" x 48" poster size, mitered corner

Customized sizes and finishes available
Double-sided also available

OPTIONAL PARTS & ACCESSORIES

- 34021 Eye Bolt, per piece
- 34040 Z-bar for wall hanging (indicate poster width)
- 31561 Non-glare protection sheet, 20" x 24"
- 31581 Non-glare protection sheet, 22" x 28"
- 31621 Non-glare protection sheet, 24" x 36"
- 31641 Non-glare protection sheet, 30" x 40"
- 31661 Non-glare protection sheet, 36" x 48"

T-5 lamps, with 20,000 hrs. of estimated life, are installed vertically on both sides of the frame. The graphic is placed between the acrylic underneath and the optional non-glare protection sheet on the top.

LIGHTBOX

A Brilliant Idea!

Shed some light on the matter with this classic lightbox. QuikFrame (pg.44-47) on the front makes it easy to change graphics. Use any type of backlit print media to illuminate your ideas. Its thin T-5 fluorescent tubes create a brilliant uniformed light. Even double-sided. Let your message shine through.

SPECIFICATIONS

LightBox is aluminum housing with QuikFrame front, mitered corners only. 4" in depth, incl. sign white acrylic that covers light fixture of T5-type. UL and CSA approved, incl. 6 feet cord w. 3-prong plug (*indicate exit point*).

GRAPHIC PANEL MATERIALS:

INFOSTAND

Take a Stand.

Let your message stand on its own. Turn any QuikFrame (pg. 44-47) into a freestanding display. Present a graphic or create a bulletin board. Incorporate a whiteboard or a lightbox. Stand out. Customize the shape of the header and add your logo. Choose brochure baskets to get the word out. Opt for casters to move the message to the masses. The hollow construction is reinforced with anodized aluminum flanges so the unit is sturdy yet lightweight. So take a stand.

SPECIFICATIONS

InfoStand, basic unit, single or double-sided, w. QuikFrame(s) and gliders. Aluminum in clear anodized or black painted.

Standard sizes (single-sided):

- 3328 - * InfoStand w. 1 x QF 22" x 28", **rounded** corner
- 3330 - * InfoStand w. 1 x QF 24" x 36", **rounded** corner
- 3336 - * InfoStand w. 1 x QF 30" x 40", **rounded** corner

- 3348 - * InfoStand w. 1 x QF 22" x 28", **mitered** corner
- 3340 - * InfoStand w. 1 x QF 24" x 36", **mitered** corner
- 3346 - * InfoStand w. 1 x QF 30" x 40", **mitered** corner

Standard sizes (double-sided):

- 3228 - * InfoStand w. 2 x QF 22" x 28", **rounded** corner
- 3230 - * InfoStand w. 2 x QF 24" x 36", **rounded** corner
- 3236 - * InfoStand w. 2 x QF 30" x 40", **rounded** corner

- 3248 - * InfoStand w. 2 x QF 22" x 28", **mitered** corner
- 3240 - * InfoStand w. 2 x QF 24" x 36", **mitered** corner
- 3246 - * InfoStand w. 2 x QF 30" x 40", **mitered** corner

* (Code-1) Clear Anodized, (Code-3) Black Painted

OPTIONAL PARTS & ACCESSORIES

- 32501 Adjustable Feet, set of 4, incl. bushing
- 32511 Casters, set of 4 (2 w. brake), incl. bushing
- 32521 Header Panel. single-sided, incl. horizontal bar, Grey or Black PVC (*must be included in original order*)
- 32522 Header Panel. double-sided, incl. horizontal bar, Grey or Black PVC (*must be included in original order*)
- 32531 Double-sided brochure rack, incl. horizontal bar, Grey wire w. 4 letter-size pockets
- 31581 Non-glare protection sheet, 22" x 28"
- 31621 Non-glare protection sheet, 24" x 36"
- 31641 Non-glare protection sheet, 30" x 40"

BASIC UNIT:

ALTERNATIVE INFO AREA:

As standard, this is a QuikFrame, but could be altered to meet your needs, ie:

- Whiteboard
- Cork board
- Flip pad
- LightBox, etc.

HEADER: Header, consists of PVC panel and horizontal bar. Panel(s) attach(es) to bar with Velcro tape.

POSTERSTAND 1

A Solid Stance.

Customize a self-supporting statement. Use a freestanding image display. The brochure holder of this well-built display makes sure your message gets into the right hands. QuikFrame (pg. 44-47) or InFrame (pg. 48-49) make changing graphics a snap. Design its base to suit your corporate identity. This unit is no pushover. Its sturdy construction means it'll stand and deliver.

SPECIFICATIONS

PosterStand 1 on sturdy steel bases painted silver grey. Semi-circular vertical posts and rectangular horizontal extrusions in clear anodized aluminum. With QuikFrame(s) (pg. 44-47) or InFrame(s) (pg. 48-49). Brochure holders in clear acrylic. Single or double-sided.

60010 PosterStand 1, complete unit

PosterStand 1 will be fully customized to meet your special requirements.

Please contact us for more information.

For safer transport, base plate and brochure holders need to be attached on site.

POSTERSTAND 2

Stand Tall.

66/67

POSTERSTAND 1 & 2

Got more to say? This customized robust poster stand lets you display two graphics on each side. Its solid build means it'll stay put. QuikFrame (pg. 44-47) or InFrame (pg. 48-49) make it easy to change visuals. Be creative with your header to brand your logo. Then put it anywhere customers might have to wait. Standing around just got a whole lot more interesting.

SPECIFICATIONS

PosterStand 2 on a sturdy steel base painted silver grey. With QuikFrame(s) (pg. 44-47) or InFrame(s) (pg. 48-49). Incl. divider to accommodate 2 posters 24" x 36" per side. Curved or straight header panel in vinyl covered board. Single or double-sided.

60015 PosterStand 2, complete unit

PosterStand 2 will be fully customized to meet your special requirements.

Please contact us for more information.

For safer transport, base plate and header need to be attached on site.

PLENTYWALL®

Plenty of Impact.

Combinable. Modular. Use PlentyWall as a backdrop or a room divider.

Straight or curved, the quick and easy assembly of this display means less time prepping, more time selling.

Display a full graphic panel, a header or several banners. Its height-adjustable horizontal bar makes it possible.

Takes any graphic, from fabric to vinyl to inkjet. Want more flair? Use the accessory light to create drama or add a brochure shelf for greater functionality. There's plenty of uses for PlentyWall.

SPECIFICATIONS

PlentyWall, clear anodized aluminum, steel bases painted silver grey.
Graphic panel not included, available in laminated inkjet, fabric or vinyl.

39045

Spotlight with bracket to be attached on the backside of QuikFrame or InFrame.

39040

Clip it anywhere on the post to position the spotlight at desired height. This spotlight with clip is suitable for any of our retractable and non-retractable banner stands.

36400

This spotlight is suitable for our Supreme product and also Fabric and Pop-Up Displays.

HINGELINE

Gateway to Portability.

Use Allen Key to change panels.

HingeLine is our entirely unique aluminum system that is constructed like a hinge marrying three extrusions together. HingeLine allows for more functionality of displays by permitting them to be folded flat keeping your transportation cost and space requirement to a minimum. HingeLine has the ability to be opened at any desired angle up to 180 degrees allowing complete freedom to fit specific requirements. It will accept various types of in-fill panels, including graphics, up to 1/4" (6 mm) thick. Horizontals may be curved to create an extra design advantage.

Please contact us for more information.

PANEL OPTIONS:

Attach graphic panel on front of the extrusion with magnetic tape.

In-fill panel (max. thickness 1/4" / 6 mm) goes into the track of the extrusion.

A-LINE

A Versatile Modular Aluminum System.

The basic idea of the A-Line System is logical simplicity. This modular aluminum system consists of parts which are easily connected with an Allen Key as the only tool, making it just as easy to take-apart or rebuild as it is to assemble. This makes it possible to ship your display completely knocked down, making transportation economical.

A wide range of aluminum components and accessories gives you a maximum of possibilities. You can create your own display or choose from our wide-range of designs.

Combinable and modular with endless options and uses, the A-Line System provides a flexible solution to satisfy all of your display requirements. Get creative!

Please contact us for more information.

We have all the parts & the ideas ...

You can choose to have all the parts assembled or knocked down for easy transport.

BASIC COMPONENTS:

1. Vertical extrusion
2. Horizontal extrusion
3. Coupling
4. Endcap
5. Adjustable foot
6. Shelf support
7. Panel
8. Top Shelf
9. Adjustable Shelf
10. Bottom shelf

ASSEMBLY:

To connect horizontal to vertical, slide the coupling into the main track of the vertical and tighten firmly with an Allen Key.

A FEW FEATURES & ACCESSORIES:

Panels slide into vertical & horizontal tracks (5/16" / 8 mm) that also cover the edges.

For thicker panel (max. 3/4" / 19 mm), add channel #1190.

Insert tracks for sliding door

For stepless adjustable shelves, use shelf support #1240

To extend or split verticals, use spigot #1242

20/20

A Tubular System with Many Faces.

20/20 is a versatile tubular aluminum system for store fixtures, POP displays, etc. It is created and designed with versatility in mind and a sleek construction to fit all types of interior design. Its minimum number of components offer a vast range of customized design possibilities. There is a limitless selection of panels and shelves available to create your desired design. Best suited for permanent displays. 20/20 is a simple concept with many variations.

Please contact us for more information.

TUBES (3/4" x 3/4" / 20 x 20 mm):

CONNECTORS (all 90° angles):

ASSEMBLY:

Use a plastic mallet tapping forcefully on the connectors to connect them with the tubes.

OUTDOOR DISPLAYS
